The receipts yesterday wer good. The total receipts of the day were 2,199. There was an unusually heavy run of wagon bogs. All morning long, wagon after wagon pulled up and unloaded bogs until the wagon department was fairly awamied. The car hogs arrived fairly early and the market closed at the usual time. The car receipts were good, the Ltial receipts of the yards being 23 cars of hogs. Compared with a week and a year ago the receipts of yesterday show-

cd a decided and pleasing increase.

The quality pesterday was quite a good ceal off. The general run would have to be classed as common. There were few good and no toppy hogs on sale. WHO STOLE THE CATTLE

Or, Jeff Houston's Sad Experience On

St. Joe Cattle Market. With much bragadocio the managers of the t. Joseph, Mo., stock yards have been advertising the St. Joe market as being the best in the West and furnishing the best oportunity to shippers of Oklahoma for disposing of their cattle and hogs. It to a out that this is about the biggest button scheme which has been worked on the shippers of this section in years,

Mr. J. J. Houston of Ponca City had an experience on the St. Joe market which he will not likely soon forget. The St. Joe stockwards has had a man in Oklahoma for some time telling the shipers what a magnificent market St. Joe has and what higher prices were paid there than in Kansas City, and stating that the shrink was less and yardage charges smaller. In fact, St. Joe, according to his statements, was the only market to which a shiper could send cattle and not

Mr. Houston determined to test the market and sorted out two loads of fat helfers and sent one to Kansas City and of the Rocky Mountains, increase 45,the other to St. Joe. The helfers were of excellent grade of the (well-known Turkey Track brand. They were wellfatted, corn-fed animals, having been on full feed for five months, and were in prime condition. Mr. Houston took especial care to sort the two mads so that they would be exactly alike in quality, weight and grade. The only difference was that the St. Joe load was ten pounds

The car sent to Kansas City was sold by Clay, Robinson & Co., for \$4.30, which was the top of the market, and brought the price without question, as they were acknowledged to be of superior grade.

The St. Jos load was handled by Donavon. Leighty & Co. This load fold for \$3.95, just 35 cents less than the Kansas City load. In spite of the fact that this lead weighed ten pounds more than the Kansas City load when it left Ponca City, yet when it was weighed up in St. Joe it averaged ten pounds less than halinkage of nineteen pounds more than

Both loads were sold on the same day, yet there was a difference of % cents in price, in favor of Kansas City, and the St. Joe load shrunk nineteen pounds more to the animal than the one sent to Kansas City. It would seem that St. Jose has been persistently misrepresenting its markets to the shipers of toklahoma and working a bare-faced skin game on them. The St. Joe market puers have been filled with statements of instances where the Kansas City market was outsold and the shrinkage less, but if they can ex-plain this deal it will be a great favor Mr. Houston and numbers of other Oklahoma chipers. Hereafter Oklahoma shippers will know how to receive the boasts made by representatives of the

I had been out of health for the past five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root, and I found it did me a world of good. Since then I have taken eight small bottles, bought at my drug store, and I purty or dark circles under the eyest consider myself perfectly cured. How to Find Out if You Need Swamp-Root.

It used to be considered that only uripery and bladder troubles were to be traced to the kidneys, but now modern cience proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood that is their work.

So when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to do its duty. If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, and if permitted to continue fatal results are sure to fel-Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable.
